From the President's Desk

I first commenced my studies with ICI College nearly twenty years ago. As I began to learn from some of the world's leading Bible and Theology teachers in the comfort of my own home and at my own pace, I was still able to serve in my local church, hold down a job, and raise a family.

I now realise that the time, effort, and finance I invested into my ICI studies have paid great dividends in many ways. Firstly, the ICI material is regarded around the world as among the best in Biblical, Theological, and Ministry Training education available. When I investigated which Theological College could give truly international accreditation and recognition, ICI College clearly stood out. They are chartered by the State of Missouri and certified to operate by the Missouri Coordinating Board of Higher Education. Their courses are fully accredited with the Accrediting Commission of the Distance Education and Training Council (DETC) which is a member of the Council for Higher Education Accreditation (CHEA), is recommended by the American Council on Education for transfer of credit, and is listed in the National Guide To Educational Credit for Training Programs.

There are currently around 8,500 enrolled degree students worldwide, and 650,000 non-degree students. ICI material has also been used to disciple around 1.5 million converts to Christ! The ICI curriculum is ideally suited for personal enrichment, small group study, and Church-based Learning Centres.

I am very excited to serve as the national President of ICI College Australia and look forward to assisting pastors and students across Australia to develop and foster learning and leadership. Therese Stepanovic, the National Administrator, is now available to serve you with all your ICI College enquiries.

In this Prospectus we outline three levels of learning with ICI College. Firstly, we offer Christian Life studies, then Christian Service studies, and finally a variety of Bachelor degree level Advanced Certificate courses.

We welcome your contact and look forward to being able to assist you.

The flexibility of the correspondence program allowed me to complete an ICI Degree whilst I was pastoring. They have a wide variety of programs and I have used their material in local Bible Colleges, training pastoral interns, and small group studies. I highly recommend ICI"

To ensure the integrity of the evaluation system, ICI College requires that the Final Exam for each course be taken in the presence of an exam supervisor. The selection of a Supervisor is the responsibility of the student. Examples of acceptable Supervisors include pastors, church elders, librarians, teachers, or other professional people.

- The Supervisor needs to be able to monitor the student while the exam is being given.
- The Exam supervisor form must accompany your application as a new student.

PROCESS FOR REQUESTING AND COMPLETING THE FINAL EXAM:

The student should then fill in any additional information required, and sign the Exam Supervisor application form. This then needs to be mailed to us, within 7 days of your enrolment.

ICI College will mail the Final Exam to the approved Supervisor, when the student requests this. All UPE's, Projects or Collateral readings must be completed before or as you are requesting the exam.

The student will need to arrange a convenient time with the Exam Supervisor to take the Final Exam.

The Supervisor monitors the student during the Final Exam, assuring that no inappropriate aids (such as books, notes, study guides, reference works, or dictionaries) were used by the student while completing the Final Exam (a non marked or non study edition of a Bible is allowed).

A maximum time limit is allowed for different levels of studies, please check the Final Exam when received for maximum time limit allowed.

The Supervisor signs & dates the Final Examination Scantron™ answer sheet indicating he/she has monitored the student during the Final Exam and returns the Exam and the completed Scantron™ answer sheet directly to ICI College in the envelope provided. The Supervisor is asked to mail back the exam within 24 hours after the student writing it.
