# From the President's Desk

I first commenced my studies with ICI College over twenty five years ago. As I began to learn from some of the world's leading Bible and Theology teachers in the comfort of my own home and at my own pace, I was still able to serve in my local church, hold down a job, and raise a family.

I now realise that the time, effort, and finance I invested into my ICI studies have paid great dividends in many ways. Firstly, the ICI material is regarded around the world as among the best in Biblical, Theological, and Ministry Training education available. When I investigated which Theological College could give truly international accreditation and recognition, ICI College clearly stood out. They are chartered by the State of Missouri and certified to operate by the Missouri Coordinating Board of Higher Education. Their courses are fully accredited with the Accrediting Commission of the Distance Education and Training Council (DETC) which is a member of the Council for Higher Education Accreditation (CHEA), is recommended by the American Council on Education for transfer of credit, and is listed in the National Guide To Educational Credit for Training Programs.

There are currently around 8,500 enrolled degree students worldwide, and 650,000 non-degree students. ICI material has also been used to disciple around 1.5 million converts to Christ! The ICI curriculum is ideally suited for personal enrichment, small group study, and Church-based Learning Centres.

I am very excited to serve you as the national President of ICI College Australia and look forward to assisting pastors and students across Australia to develop and foster learning and leadership. Kim, the National Administrator, is available to serve you with all your ICI College enquiries.

In this Prospectus we outline three levels of learning with ICI College. Firstly, we offer Christian Life studies, then Christian Service studies and finally a variety of Bachelor degree level Advanced Certificates, Diplomas and Bachelor Degrees.

We welcome your contact and look forward to being able to assist you.

# 5 UNDERGRADUATE PROGRAMMES

The Undergraduate programmes offered through ICI College (Global University ) are the Bachelor of Arts degrees, requiring 128 credits. For those who already have an Undergraduate Degree, a Second Bachelor of Arts requires 50 credits. A Bachelor of Arts with Honors programme is also offered. Each programme must begin with the 'GUO1002 Orientation to GU Learning' subject, but then all other subjects can be done in any order.

The overarching goals for the degree programs include being able to demonstrate:

- A comprehensive knowledge of the Old and New Testaments.
- A comprehensive knowledge of Theological principles that are foundation of Pentecostal Christian faith.
- An application of relevant Biblical and Theological principles in local ministry contexts.
- An awareness and appreciation of general education: humanities; fine arts; social, behavioral, and natural sciences; mathematics; oral and written communication; and computer skills.
- A participation in effective Christian ministry.

The strategies used to assess the achievement of these goals include end-of-course examinations, service learning requirement reports, collateral reading assignments (CRAs), course-specific projects, and graduate follow-up surveys.

## **Bachelor of Arts Degree**

The Bachelor of Arts (B.A.) degree program is a 128-credit program. International Correspondence Institute - Theological College, Australia (ICI Australia) presently offers three Bachelor of Arts degree programs: Bible and Theology, Intercultural Studies, and Religious Education. The B.A. in Bible and Theology is designed to provide the educational background needed by those preparing for a pastoral or preaching ministry. The B.A. in Intercultural Studies is designed for those who plan to serve as missionaries. It has a basic Bible and Theology component with emphasis in cross-cultural communications and Christian missions. The B.A. in Religious Education will prepare those expecting to minister in church-related instruction or in the administration of Christian education.

## **Earning a Second Bachelor of Arts Degree**

Individuals who have already earned a Bachelor's Degree (such as a B.A., B.S.) may earn a second B.A. in Bible and Theology, Intercultural Studies, or Religious Education with ICI Theological College Australia. To do this, the student must fulfill the specific requirements for the major, which encompass 50 credits (70 credits for the second B.A.

with Honors) in the Bible, Theology, and Church Ministries areas. Students with prior academic study in Bible, Theology, or Church Ministries may be granted advanced standing, depending on the transfer credit allowed. However, a minimum of 32 additional degree credits must be taken with Global University through ICI College Australia, to earn a second B.A.

## Credit hour equivalents

ICI - Australia does not use a standard semester for enrollment, but each credit is considered a semester credit hour. In a traditional semester system, a three-credit course would require three 1-hour lectures per week for at least 15 weeks. A full-time study program would be equivalent to 15–18 credits per half year semester.

## Interpretation of Course Codes

The first three letters indicate the academic content area of the course. (BIB = Bible, THE = Theology, etc)

The first digit indicates the level of the course.

The second and third digits serve as numerical identifiers.

The final digit indicates the credit value.

eg. **BIB1043** *The Gospel of John*

**BIB** = The course is part of the Bible content area,

**1** = course is in the first level: and **3** = course is valued at 3 credit hours.

## Undergraduate Course Guidelines & Requirements

### Methods of Instruction

1. **Independent Study:** those who study at home while maintaining their regular routines of ministry, employment, and family responsibilities. ICI courses are specifically designed to meet the needs of independent-study students. The presence of an instructor is not required; however, an examining supervisor must administer the final examination.
2. **Guided Independent Study:** a facilitator meets regularly with the student to guide and encourage his or her study.
3. **Study groups:** Many Bible/Church Study groups use ICI courses and often take the form of classes with active direction from a leader. Other study groups simply are a place where students study together, even doing different courses but have someone there who can provide some tutorial assistance.

## Description of Subject Books

Each course comes in a Subject Book commonly called a Study Guide. Each Subject book is generally divided into several units. These units are divided into lessons. Each block of study in each lesson is associated with an objective, and often have a guide question. The objectives in the lesson are vital to the study process, since they form the criteria by which all questions on the unit tests and final exams are written. At the end of each lesson is the selftest. The entire lesson should require approximately 10 hours of study.

## Text and Reading Assignments

Courses have two methods for directing the student to outside reading assignments. A textbook can be directly integrated into the studyguide, studying one section at a time. Another method of providing outside reading is by adding a collateral reading assignment (CRA) to a 2 credit course. In this way if the student chooses to do the reading assignment, they receive 3 credits at the completion of the subject. When requesting a course for which a CRA is available, always specify whether you are enrolling in the two-credit or three-credit version of the course. Once a three-credit course enrollment has been processed, a student cannot downgrade to the two credit course.

## Completing Course Work

Expect to spend an average of 10 hours of study per lesson. Preparation for exams and the research and writing of papers will vary according to the abilities of each student. You have six months from the date the enrollment is processed in which to complete a course. However, the time spent to complete a course is determined solely by you, the student. An extension of up to six months may be granted upon request and a processing fee is required for the extension. **Additional extensions are not permitted.**

## Written Assignments

ICI - Australia courses require written projects or research papers. You will be provided with instructions for completing these written assignments. A Global University Form and Style *Guide* is available to assist you, available through ICI. You should submit your written assignments before requesting the final examination, since the graded assignments will assist you in your review for the examination.

## Service Learning Requirement (SLR)

The SLR is required in all undergraduate courses except the Biblical Languages courses. They are designed to help students develop their ability to apply course principles, thereby developing ministry and practical skills, meeting real-world needs. An SLR report must be submitted before the final examination request. The student will receive course credit and a final grade only after the SLR is completed and assessed.

## Unit Progress examinations

The number of unit tests will vary with each course. Unit tests are not submitted for grading. These tests are for students' self-evaluation only.

## Final Examination

The final exam must be arranged by you, your examining supervisor, and the ICI Theological College, Australia office. The final exam is a scantron-based exam with no essay questions. The test is primarily multiple choice, but may include true/false and/or matching. It is the student's responsibility to complete the final exam before the course expiration date.

## Notification of Grades

The Global University International office scores all final examinations. Upon completion of a course, the grade is sent by post or e-mail to the student on a Final grade report (FGR) form. The grade is permanently recorded at the international office.

## Grading Scale

Global University and ICI Undergraduate courses are graded according to the following numerical scale:

- 90–100%** (Excellent)
- 80–89%** (Above average)
- 70–79%** (Average)
- 60–69%** (Below average)
- 59% or less** (Unacceptable)

The minimum passing score for any individual course is 60%. A minimum cumulative grade average (CGA) of 70% is required to earn a certificate or to graduate.

## If You Do Not Pass a Written Assignment

Students who score less than 60% on the course project and/or collateral reading assignment (CRA) have the option of resubmitting the assignment. However, a student may resubmit a project or CRA only one time.

## If You Do Not Pass a Course

To qualify to retake your final exam, you must

- i. Have received a final grade for the course and exam below 70%.
- ii. Complete the retake exam before the course expiration date. Retake Exams completed after the six month expiration date will not be scored unless the course has been extended.

## Library Resources

ICI students have access to the Global University Electronic Library. It supports the curriculum of the programs offered by the College. The Library, may be utilized for general research and provides valuable online resources such as Encyclopedia Britannica Online Academic Edition, Academic Search Elite, and the American Theological Association (atla) databases. These resources provide ICI's undergraduate students access to thousands of journals, as well as an online research Centre with links to course-appropriate Web sites and other electronic articles. Access is via <http://library.globaluniversity.edu>. Online chat and email "ask-a-librarian" features enable you to direct your research questions to a Global University reference librarian.

## Bachelor of Arts Degree With Honors

Students can choose to complete a baccalaureate with honors program in Bible and Theology, Intercultural Studies, or Religious Education. To qualify for this distinction, students must include in their course elective selections the courses shown below and maintain a cumulative grade average (CGA) of 85 percent for all course work attempted.

Students who successfully complete the requirements for the honors program will have this accomplishment noted on their transcripts and degrees.

*"There is probably no single training ministry in this century that has done more to prepare distance education students for global evangelism than ICI."*

**Jack Hayford**

(The Church of the Way, Van Nuys, C.A.)

*"ICI is one of the most valuable resources available to pastors. I have personally studied with ICI and found their material to be excellent. The flexibility of the correspondence program allowed me to complete an ICI Degree whilst I was pastoring. They have a wide variety of programs and I have used their material in local Bible Colleges, training pastoral interns, and small group studies. I highly recommend ICI"*
